The new Blockbuster *Storm* full-aluminium case, which is a light weight with only 2.94 kg, has a flip-out handle in front for easy and comfortable carrying. The removable main board carrier and hard disk cage help to install sensitive components very easily and safety. In front is a blue illuminated temperature display showing the temperature of the internal temperature sensor. The 22 cm sized blue illuminated adjustable fan on top provides a perfect and silent cooling system.
Up to 5 disk drives can be installed can be installed in this case. The 120 mm back side fan can also be assisted by an optional 80 mm fan in front. For a better cooling there are also honey comb holes on the back side. This case is made for µ-ATX main boards supporting 4 PCI-slots and standard PS/2 power supplies (tested with high performance Tagan and long life Seasonic power supplies. 2 x USB, 2 x audio and 1 x IEEE 1394 Firewire port are easy accessible in the front. Two side windows demonstrate the inner life of your PC case.
Due to its blue illumination on the top and rear the Blockbuster Storm is very suitable for gamers on LAN parties.
